TORONTO, ON, July 13, 2022 - Pool Safe Inc. ("**Pool Safe**" or the "**Company**") (TSXV: POOL) is pleased to announce it has concluded an agreement (the "**Amendment**") with Intrexa Ltd. (the "**Lender**"), to amend the parties' credit agreement (the "**Credit Agreement**"), by increasing the line of credit (the "**Credit Facility**") to \$3.5 million from the current \$1 million. The Agreement is at a decreased interest rate of 8% annually from 10% and includes a multi-year term extension. The Credit Agreement, previously announced on April 2, 2019, enabled the Company to access its working capital needs, allowing it to accelerate growth of the Pool Safe product ("**PoolSafe Product**").

The Agreement provides, among other things, that: (i) the maximum commitment amount under the Credit Agreement would be increased to \$3,500,000, (ii) the interest payable by the Company under the Credit Agreement would be bear interest at the rate equal to 8% per annum, (iii) the termination date of the Credit Agreement would be extended to May 31, 2025 (the "**Termination Date**"), and (iv) the expiry date of the 3,000,000 bonus warrants (the "**Bonus Warrants**") that were issued by the Company to the Lender as per the Credit Agreement would be extended from March 31, 2023, to the earlier of (a) five years and (b) the term of the Credit Agreement. The Amendment is subject to receipt of all required regulatory approvals, including the approval of the TSX Venture Exchange (the "**Exchange**").

In addition, the Company is pleased to announce a non-brokered debenture financing (the "**Debenture Financing**"), under which it intends to sell up to \$1,500,000 aggregate principal amount of unsecured and non-convertible debentures ("**Debentures Units**") at a price of \$1,000 per Debenture Unit. Under the terms of the Debenture Financing, each Debenture Unit consists of (a) one \$1,000 face value debenture ("**Debenture**"), and (b) 28,500 common share bonus warrants of the Company (the "**Financing Warrants**"). The Debentures shall mature thirty-six (36) months from the date of the issuance (the "**Maturity Date**"), and shall bear interest at a rate of eight percent (8%) per annum (the "**Interest**"). Each Financing Warrant entitles the holder to acquire one (1) common share of the Company ("**Common Share**") at an exercise price of \$0.05 for a period of 36 months from the closing date of the Debenture Financing (the "**Closing Date**"). If at any time the Common Shares trade at higher than \$0.15 per Common Share (on a volume weighted average basis) for a period of 20 consecutive trading days (the "**Early Expiry Event**"), the Company will have the right to accelerate the expiry date of the Financing Warrants by providing the holder with written notice of an Early Expiry Event (the "**Early Expiry Notice**"). The period whereby the holder is entitled to exercise any portion of outstanding Financing Warrants shall expire 30 calendar days following the date on which the company provides Early Expiry Notice to holders (the "**Early Expiry Date**"). Furthermore, if a portion of the Debentures are repaid during the first year following the Closing Date, a proportional number of the Financing Warrants shall have their term reduced to the later of one year from the Closing Date and 30 days from repayment of that portion of the Debenture. The lead investor (the "**Lead Investor**") of the Debenture Financing shall have their Financing Warrants expire on the date that is 37 months after the Closing Date. The Lead Investor shall also have an Early Expiry Date of 60 calendar days following the date on which the Company provides Early Expiry Notice.

All Debentures and Financing Warrants issued pursuant to the Debenture Financing are subject to a statutory hold period of four months plus one day from the date of issuance, in accordance with applicable securities legislation. In connection with the Debenture Financing, the Company may pay finders' fees of 8%, as permitted by the policies of the Exchange. The Company intends to use approximately 25% of the net proceeds from the Debenture Financing to increase its inventory for future PoolSafe builds and the remaining net proceeds from the Debenture Financing to be used for general working capital. Funds from the Credit Facility will be used to maintain inventory levels which will ensure timely delivery of new PoolSafe Product units as the Company ramps-up its Revenue Share Partnerships. In addition, 4-5% of the net proceeds will be used repay executives for expenses incurred and salaries earned. The remainder of the net proceeds will be applied to working capital and general corporate purposes. The Debenture Financing is subject to receipt of all required regulatory approvals including the approval of the Exchange.
